

Ryan Golden—Bio

I have been coaching with OLY since 2009, and have been focused on developing swimmers in a technique group for the last four years. I was a competitive swimmer in high school (Rochester Adams, OLY) and also in college (Bowling Green). In addition to coaching, I'm also an elementary teacher in Rochester Hills. I am looking forward to a great summer, having fun, and helping our Tritons become the best swimmers they can be.
